

#19TODO-list[Part 1]testing

1. Tap "Add" button in order to go to the next screen.
2. Fill up the text field "Name" and "Description" for new task and tap "Save" button.
3. You will be back to the previous screen and the new task will be shown in the list of tasks to do.
4. Every new added task will be shown on the top of the list.

Optional:

1. Tap "Add" button in order to go to the next screen.
2. Tap "Save" button on the second screen without entering any info in two text fields. You will see the pop-up message with the instructions to fill up the both fields. If you want to add a new task you tap "OK" button on the pop-up and you will stay on the same screen in order to continue entering missing info. If no, you have a choice to tap "Cancel" button inside of pop-up message and you will be back to the first screen without adding any task to the existing list.
3. If you fill up only one of the two text fields and tap "Save" button, you will get a pop-up message asking you to fill up missing info in the appropriate text field. You will have the same choice to continue or cancel your new task like described in previous step.
